

# Hello!

As the founder and creator behind Glory Writers, I have been working in the publishing community as an author, service provider and coach for over seven years. I have a passion for seeing creative writers grow in their gifts, their faith and their community. An avid author and entrepreneur, my greatest delight is seeing others fall in love with their Creator and encouraging them to emulate Him with their creations.

# What is Glory Writers Press?

Glory Writers Press was founded with the deep desire to take the best of both the Traditional Publishing world and the Independent Publishing world, and launch authors farther than they could have gone themselves. All while hand-picking and supporting artists with a passion for their art and their Creator.

What started with a dream for a community that stood for light in a world of darkness, turned into a vision for a Hybrid publishing house. One that supports authors, gives them a platform, and provides the knowledge, advice, and expert service needed to get them selling books that honor Christ and His sacrifice.

Because we are tired of compromise. It has crept into every nook and cranny of the publishing industry, and we believe as followers of the one true God that:

- ☆☆ We hold the answer to all of life's problems - Christ Himself.
- ☆☆ We should be sharing the Gospel message to this hungry world.
- ☆☆ Standing strong in our faith and convictions is a powerful way to draw others into His Kingdom, while also encouraging the Church higher.
- ☆☆ We do not need to pander to society to sell books, nor should we.
- ☆☆ As Kingdom creators, we have the mandate (and the ability) to shape culture according to His Kingdom; speaking truth over a generation that has fallen prey to confusion and deceit.

And one of the most powerful ways to do that is through a story.

# What is Glory Writers Press looking to publish?

Glory Writers Press is dedicated to providing Christian Fiction that:

- ☆☆ has a unique voice, intriguing storyline, and out-of-the-box storytelling skills with biblically sound faith.

- ☆☆ Clean fiction with no smut, sexual content, or glorification of lust. No cussing, or gratuitous violence. Think PG-13 max rating.

- ☆☆ Books that seek to glorify God, all while encouraging and edifying its readers.

- ☆☆ Christian Middle Grade, YA, and New Adult for a market that is saturated with bad fiction

- ☆☆ Books with mission driven storytelling and execution

# About the Process

Taking the model of the Traditional Publishing market, and making it better, we want to come alongside you in every step of the way. That means giving you sound knowledge and advice that has been proven to work, and a firm understanding that every book and author is unique— and should be treated as such. We don't do cookie-cutter at GW Press. We are committed to learning the seasonal market and meeting the needs of our authors.

We seek to meet you with exactly what your book needs, helping you step-by-step to build everything from ground zero. That includes:

- ~Cover Design
- ~Developmental Edits
- ~Line Edits
- ~Copy Editing
- ~Formatting
- ~Marketing and game-plan coaching
- ~ISBN and covered legalities
- ~Launch Tours

Our approach to working with authors is that of honoring individual uniqueness. We want you to feel respected throughout the process of publishing. The integrity of your story is important to us. While we offer edits, the final say on how things change or adapt is up to you! YOUR story is important. After all, it's the one God gave you. And we want you to feel blessed and encouraged on your journey!

# How Do I Get Paid?

Glory Writers strives, first and foremost, to launch and help authors! That's why we flipped the market norm, choosing to pay our authors the split of 60%, while the other 40% goes to the publisher.

But here's the unique catch: we don't split your royalties forever.

Once an agreed upon sales threshold is reached (this will be discussed and within your contract) the full royalties revert back to the author. This allows us to recoup our investment into you and your book, but then relinquish control of your royalties. Overall, allowing you to continue to grow and expand.

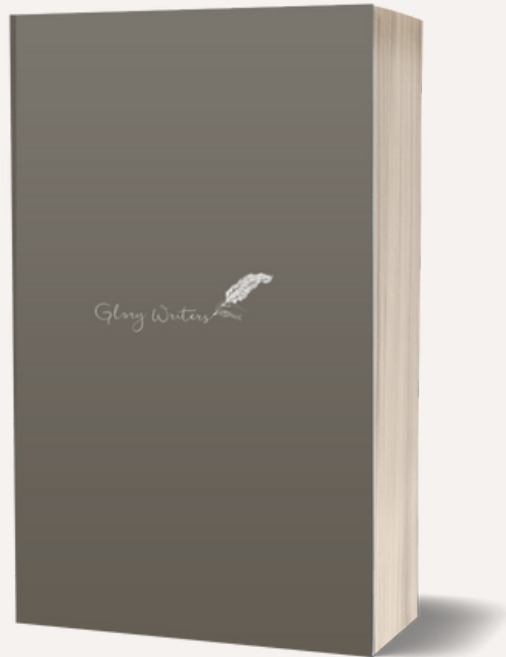

## Do I have to pay to publish with Glory Writers Press?

At this time, we are accepting paid authors ONLY. This is how we are able to offer our higher royalty payout, as well as the reversion of full royalty rights back to our authors after the sales threshold is reached. The cost to publish with GW varies based on each book and the work needed to get it in publishing-shape.

We want authors to be invested in their book. We want them to be willing to do the work, to see it do well, putting in the time and effort to grow their brand/platform and actually sell copies. We are all in, and this lets us know that you are, too. It also helps us pay for marketing, on top of the work that needs to be done on your book, to make it both as professional and marketable as any traditionally published book.

# What is my investment cost used for?

Your investment is used ONLY to pay for the work needed on your book. While the actual breakdown of this money is at the sole discretion of Glory Writers Press, we are responsible to utilize it for your book and its release. This is NOT used to pay or reward any of our staff, but is invested directly into making your book as much of a success as possible. Glory Writers Press only starts seeing an income when you do... when copies sell.

- Avoiding the lies of woke culture. We will stand by our authors, even if their Christlike message is considered ugly by the world's standard. We are not afraid to be canceled and believe in the spiritual protection of our Heavenly Father.
- Good quality fiction. We will work with you to make your story the best that it can be.
- Helping authors succeed instead of doing everything for them. We want to be transparent within the process, as well as invite our authors into it, so that they can grow and learn for themselves the parts that interest them.

## Some things we prioritize as a publishing house:

- Calling sin, sin, while not glossing over it. We refuse to glorify/romanticize evil.
- Promoting clean fiction, avoiding smut and spice at all costs.
- Investing in the younger generation with entertainment that is biblically sound and uplifts Godly role models.
- Always treating our authors with fairness and courtesy.
